

# DO YOU USE REGLAN OR ZOFRAN PUMPS ?

---

---

Do You have Hyper-Emesis Patients that are Failing Oral Therapy ? Are on Multiple Medications ?

Are Your Patients Dehydrated and Taking Poor PO Fluids ?

Are Patients having Nausea & Vomiting BEFORE their Next Scheduled PO Doses?

---

## OUR HYPER-EMESIS PROGRAM OFFERS MANY ADVANTAGES:

- We can Hydrate Patients at Home  
Eliminating Hospital Admissions
- Pump Meds are Continuous and AVOID Peaks & Troughs
- Patients Awaken with Appropriate Medication Levels
  - Our Dosing & Dilution Reduces Side Effects
- Skilled Nursing Visits to Care for IV Sights/Central Lines
  - Daily Telephonic Monitoring of Hyper-emesis Symptoms by Skilled Nursing Staff Reduces Phone Calls
    - Home TPN Available if Needed

**\*\*OUR MEDICAL DIRECTOR CAN HELP WITH DOSING AS NEEDED\*\***
